
IXT Protect - always there to assist you during travel

A Global Travel Crisis Management plan that fills the gaps in your typical travel insurance providing you with unique benefits in over 400 locations, across 90 countries globally.

Available for $29 per year

About IXT Protect

IXT Protect provides unique benefits not typically offered by insurance companies
It is an annual membership cover for unlimited trips in over 400 locations, across 90 countries globally

If you travel abroad for work or holidays, natural disasters such as tsunamis or earthquakes can strike at any time, or you can become a victim of terrorism, violent crime or kidnapping. You might also simply lose your documents or need access to interpreters.

Inform

Access to global travel alerts, so you can 'know before you go'. Updates on person's location and status are passed on to family members back home.

Advise

24/7 access to live consultants and translators. Immediate access to targeted advice and coaching to get you to safety.

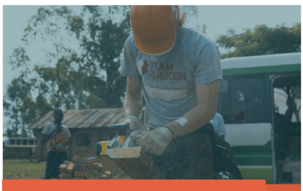
Assist & Rescue

Global rescue and dedicated resolution specialists get members to safety. Dispatch teams globally within 24 hours of notification.

IXT Protect Overview

- Specialist response to terrorism, kidnap, ransom and violent crime
- Specialist response to wrongful detention, blackmail and political unrest
- Response to natural disasters
- Response to disappearance of persons
- Access to interpreters
- Emergency relocation
- Emergency message transmission
- Lost document advice and assistance
- Legal referrals

Who is it for?



NGO's and aid workers

Is your call to help those in need? Does your work take you to dangerous locations?

Aid and humanitarian workers based in unsafe territories might face the need of emergency relocation, or suffer kidnap or extortion. IXT Protect provides help on the ground and within communities in those high risk environments.

Backpackers

Are you planning the backpacking adventure of your lifetime?

If you find yourself in a challenging situation where you have lost your documents, or you don't speak the local language or wish to get an up to date risk rating of your destination, IXT Protect will assist you.

Cryptocurrency investor

Holding cryptocurrency assets? Travelling abroad?

Then you have heard of the latest fashion of kidnappings for crypto ransom. If you are travelling IXT Protect can provide you with help and support during critical situations such as kidnap for ransom, blackmail or extortion and many others.
